Academic Background

Degree	College/School	University/ Board	Year passed	% / CGPA	Branch
Graduation(Degree)	Galgotias University	Deemed	Current	80.7	CSE
12 th Class	Daudnagar College Daudnagar	BSEB	2018	60.6	PCM
10 th Class	High School Naur, Aurangabad	BSEB	2016	75.2	

Technical competencies:

- JAVA
- SQL
- Basic of JavaScript

Personal competencies:

- Good Leadership skills
- Punctual.
- Decision Making
- Hard Working

Professional Training

Training Area : ReadyCoder pvt. Ltd.

Technologies: Data Science and Machine Learning

Objective: The objective of this internship was to provide industry driven environment so that the candidate can easily learn how industry works on various projects.

Description: Ready Coder pvt Ltd is a start-up company which hired me to work on few machine learning project.

Academic Projects

1. Title: House Price Prediction using ML.

Keyword: Python, Python Libraries, CSV file of house price.

Objective: Machine learning techniques are applied to analyze historical property transactions in India to discover useful models for house buyers and sellers.

Description: Developed a project on House price Using Machine Learning and present House price data.

2. Title: Brain Tumor detection using CNN.

Keyword: Python, Python Libraries, CSV file brain tumor, CNN, ML algorithms.

Objective: Brain Tumor detection using Convolutional Neural Networks (CNNs) is to develop a machine learning model that can accurately identify the presence of a brain tumor in medical images of the brain. The CNN model is trained on a dataset of brain MRI images, with labels indicating whether each image contains a tumor or not.

Description: Data collection in this process involves the collection of brain MRI images that have been labeled as either containing a brain tumor or not containing a brain tumor. These images are used to train and test the CNN model.

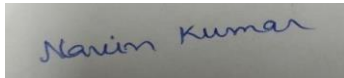

Achievements

- AMCAT Certification

Other Training/Seminars/Certifications

- Back End Developer from AIF.
- NPTEL certification on DSA using Java.
- AICTE-Eduskills AWS Cloud Virtual Internship.
- Cisco certification on Networking
